## INSTRUCTIONS

1. Download the New Year's Eve Party Hats printable and print on cardstock. You can print on printer paper, but the hats will tear easily.
2. Use markers, crayons, or other items to color in the hats. Parents join in!
3. Use scissors to cut around the edge of the hat. Use the score knife to run across the dotted line or carefully fold on the dotted line.
4. On the tab next to the dotted line use your adhesive of choice
5. Curl the hat around and bring the two ends together. Align the edge of the hat with the dotted line and press the edges together to hold until secure.
6. Punch holes on each side of the hat to add the elastic cord or ribbon to hold the hat on your head. Use a small hole punch or maybe the tip of a pen. Be careful not to tear the paper.
7. Use your imagination to decorate the hat however you like. Pom Poms, feather boas, glitter, sequins and more!
