

# SARAN WRAP Christmas GAME

## SUPPLIES

**2 ROLLS OF SARAN WRAP**  
at least (the more you use the bigger the ball and the longer the game will last)

**1 ROLL OF CLING WRAP**  
(optional)

**LOTS OF SMALL PRIZES**  
socks, candy, small toys, gift cards, scratch offs, cash, lip balm, anything that will fit your theme or the atmosphere you will be unwrapping it in. Tailor to any theme or gathering.

**CHALLENGE CARDS**  
(if you are going to use them)

**RANDOM PIECES OF LEFTOVER WRAPPING PAPER OR TOILET PAPER**  
(optional)

**PAIR OF DICE**

**SCISSORS**

**GLOVES OR OVEN MITTS**  
(optional)

## SET UP: Creating the Saran Wrap Ball

1. **Start your ball with something in the middle, usually your biggest prize of the most value.** Choose something that is roundish to give the ball its stability and shape. For example, start off with cash tucked inside a small stuffed animal or box.
2. **The ball can be made in one continuous roll of saran wrap adding in prizes between the layers.** The other option is to cut and wrap each layer so it is not connected to the previous layer, this makes it harder to get through each layer and even harder to unwrap.
3. **About every 10 layers of saran wrap add either cling wrap or wrapping paper.** This makes it much harder to get through each layer.
4. **Depending on how many prizes, put a prize in every 2-3 layers.**

## HOW TO PLAY

All Guests can sit in a circle OR have the ball on a table and line up one behind the other.

To start the game, choose who starts with the ball OR everyone roll a dice (highest goes first).

The person to their left (or behind them in line) has the dice.

The person with the saran ball starts to unwrap. This will release the prizes as they go. They keep the prizes unless a coal card happens.

At the same time, the person with the dice rolls and re-rolls the dice until they get doubles. When they get doubles, they pass the dice to the person to their left (or behind them in line.) The person with the ball gives it to them and they start unwrapping.

*If you are playing with Challenge cards:* When a challenge card is unwrapped, the player must pause the unraveling and complete the challenge before continuing to unwrap the ball. If a coal card is revealed, the person must do what it says.

Play continues until the ball has been completely unwrapped and all of the prizes have been claimed.
